POWDER PACKAGING MACHINES

- HIGHER ACCURACY
- FOOD GRADE MATERIALS
- ULTRA LOW WASTAGE
- USER FRIENDLY OPERATION
- 24X7 SERVICE SUPPORT

GEMPAC[®]
PACKING MACHINES

POWDER PACKAGING MACHINES

Available Models

SL	Models	Capacity
1	GP-204-FFS	50 gms to 100 gms
2	GP-206-FFS	50 gms to 250 gms
3	GP-250-PS	50 gms to 250 gms
4	GP-1000-PS	50 gms to 1000 gms
5	GP-5000-PS	5000 gms
6	GP-10000-PS	10000 gms

Applications

Spices, Atta, Milk Powder, Coffee Powder, Premixes, Instant Mixes, Agro Chemicals, Pesticides, Wheat powder, Rice powder etc.

Filler

- Servo Augur Fillers
- Non - Servo Augur fillers

Technical specification

Paper Pulling Mechanism	: Belt draw - off system
Packaging Material	: Heat Sealable laminated or co-ex films
Heat system	: Constant / Impulse seal system
Supply Voltage	: 415 VAC, 3 phase, 50 Hz
Connecting load	: 4 kw
Air consumption	: 35 meters ^ / hr @ 8 bar

Optional accessories

1. Screw conveyor with level sensor
2. Date / batch coding device ie. Ink jet /hot foil/ contact type printer
3. Side gusset mechanism & block bottom device
4. Impulse constant change over system

Salient features

- Automation equipped with CE marked PLC and touch screen HMI
- 7 inch Hygiene Touch Screen with advanced user friendly features
- Print mark sensors
- Motorized precise film reel unwinding mechanism
- Quick and easy size change over
- Designed as per stringent quality standards
- Perforation system to offer chain pouches
- Adjustable stroke of cross sealing jaws for optimum performance
- Contact parts are fully made of food grade materials
- Running mode weight adjustable system
